

Call for Papers ICEE 2009

The International Conference on Electrical Engineering 2009

Towards A Safe, Reliable, Sustainable, Intelligent Power System

**July 5-9, 2009
Shenyang, China**

Organized by:

Chinese Society for Electrical Engineering (CSEE)

Co-organized by:

The Institute of Electrical Engineers of Japan (IEEJ)

The Korean Institute of Electrical Engineers (KIEE)

The Hong Kong Institution of Engineers (HKIE)

In cooperation with:

China Electric Power Research

Institute (CEPRI)

Welcome to ICEE 2009

Building on the success of the inaugural ICEE in 1995, the International Conference on Electrical Engineering (ICEE) is a major event that will annually provide an exceptional venue for networking an international group of practicing electrical engineers and experts to highlight key issues and developments essential to the multifaceted field of electrical engineering systems.

The Chinese Society for Electrical Engineering (CSEE) is pleased to announce the ICEE 2009, the 15th in the series, will be held in Shenyang, China from July 5 to 9, 2009. It is a great pleasure for the CSEE and the co-organizers IEEJ, KIEE and HKIE, to invite prospective authors initiating the discussion on the challenges that need to be timely overcome and addressing key questions for achieving a long-term safe, reliable, sustainable and intelligent power system.

To make it more effective and productive, this year conference adds some prevailing topics like the UHV technology, disaster prevention and control technology for power grid safety, DG, smart grid etc. for discussion. Papers should be featured on the following current and important engineering topics:

Main Topics

Fundamentals, Materials & Education

- Electrical Materials and Process
- Semiconductor Technology
- Electronic Materials
- Education and Training for Electrical Engineers

Power Systems

- Power System Planning and Scheduling
- Power System Protection, Operation and Control
- EHV & UHV Engineering and Insulation Technologies
- Transmission & Distribution Systems and Apparatus
- Power System Stability and Reliability
- Power Market and Power System Economics
- Power System Modeling, Simulation and Analysis
- HVDC and FACTS
- Electromagnetic Transients Evaluation
- Smart Grid
- Disaster Prevention and Control

Electronics, Information & Control Systems

- Communication Systems
- Intelligent Systems and Approach
- Information Technology Application
- Control Theory and Application
- Knowledge Management

Environment, Renewables & Energy Efficiency

- Power Plant Heat Rate Performance
- Renewable Energy and Distributed Generation
- Thermal Generation System Measurement and Control
- Power Plant Pollutant Emission Control and Clean Development -Mechanism (CDM)
- CO₂ Capture and Sequestration (CCS)
- Hydrogen Energy and Fuel Cell
- Energy Storage Technology

Electrical Machines, Power Electronics & Industry Applications

- Electrical Machines
- Electric Drives and Application
- Electrical Traction Systems and Control
- Electromagnetic and Applied Superconductivity
- Industrial Process Control and Automation
- Inverter and Converter Technology

Sensors & Micro-machines

- Diagnosis and Sensing Systems
- Micro Machines
- MEMS - Micro Sensors and Structures

Other Related Areas

Summary of Important Dates

Abstract Submission Closes	December 31, 2008
Notification of Abstract Acceptance	February 15, 2009
Submission of Full Papers Closes	April 1, 2009
Notification of Full Paper Acceptance	May 1, 2009
Deadline of Registration for Paper Publication and Early Bird registration	June 1, 2009
Conference Period	July 5-9, 2009

Submission of Abstracts

Abstracts of 500 words or less, should be submitted via the Abstract Online Submission at the ICEE 2009 web on or before December 31, 2008. The WEB will be available around early November, 2008.

Notification of Abstracts Acceptance

All received abstracts will be peer reviewed by the ICEE 2009 Technical Program Committee. The author for correspondence will be notified by email as to the acceptance, rejection or revision of the proposed abstract by February 15, 2009.

Submission of Full Papers

Authors, whose abstracts are notified as to acceptance, are requested to submit their full papers electronically through the Paper Online Submission web on or before April 1, 2009. All papers must be prepared in accordance with the procedures outlined in the Authors Kit, which will be then available at the ICEE 2009 in due time.

Notification of Acceptance of Full Papers

All submitted paper will be reviewed by the ICEE 2009 Technical Program Committee. The author for correspondence will be notified of the decisions by email regarding their paper by May 1, 2009. A preliminary program will thereafter be announced on the web around end of May. At least one author of each paper MUST complete the registration by registering online for the conference and making appropriate payment on or before June 1, 2009, at a time before their paper is released for publication in the ICEE 2009 Proceedings or scheduled for presentation during sessions.

Conference Language

The official language of the Conference is English.

Venue & Accommodation

The ICEE 2009 Organizing Committee has reserved accommodations at special room rates in Shenyang, China for the duration of the conference, specific information of which will be announced on the web then.
